Publication of Audited Accounts

Wishbone Gold Plc (AIM: WSBN, NEX: WSBN), the precious metals trading and exploration company, wishes to announce that the issue of its accounts will be within the AIM timetable before the end of June but this exceeds the NEX Exchange Growth Market ("NEX") timetable which requires the accounts to be issued by the end of May.

The reason for the delay is a requirement from the Australian auditors for a valuation of the mineral properties in Australia. This has resulted in an increase in value in the properties which will be fully explained in the accounts when issued.

The effect of this is that the Company's shares will be suspended from trading on NEX until the accounts are issued. This will not affect the trading of the Company's shares on the AIM.
