

20 April 2016

WISHBONE GOLD PLC ('Wishbone Gold' or 'the Company')
Wishbone Gold Plc presents at the UK Investor Show 2016

Wishbone Gold, an exploration and acquisition company focused on precious metals (gold and silver), will be presenting at the UK Investor Show at the Queen Elizabeth II Conference Centre in London on Saturday 30 April 2016.

Wishbone Gold will be represented by Dr Paul McMichael will be available to meet existing and prospective investors at the Company's stand number 82. The Chairman and CEO, Richard Poulden, will not be there as he is attending the Giants Club Summit in Kenya (<http://spaceforgiants.org/giantsclub/>). Those of you who know our Chairman well, will know his devotion to conservation and in particular stopping poaching and the destruction of the environment which this causes.

Earlier in 2016, Wishbone Gold plc added to the potential of its exploration assets by the acquisition of the UAE based gold trading business Black Sand FZE. Black Sand is licensed as a precious metals and gem trader in the UAE and offers a secure supply chain from mine to trade. Black Sand brings existing supply agreements, and a strong pipeline of further deals.

Black Sand currently operates in South America which is widely recognised as a major global source of gold whilst offering an historically secure political and economic environment in which to operate. Suppliers are subject to extensive due diligence, and all suppliers are subject to vetting with their respective embassies. All trading and supply authorisations are checked with Government and Trade Commissions. Supply contracts set out the precise terms of trade and volumes.

The UAE provides an ideal trading base, offering a high liquidity marketplace. In 2013, 40% of the world's physical gold traded was moved through Dubai. The UAE charges no company or personal tax, no import or export tax on gold or silver, and offers a politically stable climate from which to operate.

Dr McMichael will be presenting Wishbone Gold Plc at 1220-1240 in Breakout Room One at the UK Investor Show, and will be available on Stand 82 at all other times throughout the day.
